

## Integrated Architecture: It's About The Tools!

Rockwell Automation offers many free tools to simplify your job of choosing components and increase your productivity. During this webinar, we will demonstrate how to use a few of these tools, where to get them, and what's available.

### Topics To Be Covered:

- Integrated Architecture Builder
- Powerflex Accelerator Toolkit
- Dynamics Accelerator Toolkit
- Energy Management Accelerator Toolkit
- Honorable mention of several other tools and where to find them!

**Authorized  
Distributor**

### Who Should Attend?

Control systems designers, engineers and maintenance personnel interested in learning how to save time and money using free tools from Rockwell Automation should attend this event.

## **Complete a Survey and Receive a Free Toolkit:**

Register to attend "It's All About The Tools!" webinar and you will receive a free Toolkit after you complete our survey. Your "Kit" will contain the software tools described in the webinar. Your feedback is important to us!

**Guest Speaker: Michael P. Capozella**  
Commercial Engineering Manager, Rockwell Automation
